

COYOTE

COYOTE

/kɔɪ'əʊti, kʌɪ'əʊti/

noun.

1. In Aztec mythology, Huehucóyotl — the “Old Coyote” — was the god of music, dance and mischief, a playful trickster who thrived on celebration and a little beautiful chaos. That spirit informs COYOTE: bold, energetic and a touch unpredictable.
2. A nod to the world of mezcal — in several Mexican regions “maguey coyote” is a traditional name for rare wild agaves used to make mezcal, celebrated for their wild, distinctive character and complex flavours.

In the heart of Newcastle's vibrant creative community in the post-industrial West End, you'll find COYOTE — a función space + cantina by the team behind Papalote, Flotilla and Humbug.

Designed for celebrations of up to 70 guests, COYOTE is a cocktail-style space built for movement, music and connection. Our curated canapé packages showcase bold, modern Mexican flavours — vibrant bites made to be passed and shared with a margarita in hand.

At the heart of the room, the pool table draws a crowd — competitive, playful, a little chaotic — while classic Coyote and Road Runner cartoons and lucha libre flicker across the projector. It's a space that feels lived-in, energetic and full of character. Birthdays, engagements, brand launches or team celebrations — COYOTE brings high-energy hospitality to Newcastle's West End.

Let's Party!
